NOTICE TO BIDDERS

Sealed bids may be submitted on or before the bid opening date of **April 20, 2026** at **10:30 a.m.** local time, at the Defiance County Board of Commissioners Office, 25600 Elliott Rd, Defiance, Ohio 43512, for the following project

2026 Cement Stabilization

Bids shall be opened & bid prices publicly read immediately thereafter.

Bid documents, including contract terms & conditions, may be obtained from the Defiance County Engineer, at 510 Court Street, Suite 201, Defiance, Ohio 43512 between 8:00 a.m. – 4:30p.m., Monday through Friday (holidays excluded).

Advertisements for bids, bid documents and plan holder's list also are posted on the internet at www.defiance-county.com/engineer/bids.html under the Bid Projects heading.

The Board reserves the right to reject any or all bids.

COUNTY OF DEFIANCE

Liz Stuart, Clerk
Defiance County Commissioners

Warren J. Schlatter, P.E., P.S.
Defiance County Engineer

Bid Advertisement Date: March 23, 2026

ENGINEER'S ESTIMATE:

PROPOSAL A: \$400,000.00

INTRODUCTION

It is the intent of these contract documents to serve as the basis for preparing a contractor's estimate of cost, or the contractor's bid; to show engineering intent and to set a level of equality of workmanship and performance; and as the basis for the written contract or agreement between owner and contractor.

They represent the composite of the requirements of the engineer, the owner and any and all funding agencies. An effort has been made, insofar as is practicable, to minimize any duplication or conflict in requirements or standards or performance and workmanship. Insomuch as this is not always possible, there may be contained herein some conflicting requirements or standards. When such is the case, the more stringent requirements shall always govern, unless stated otherwise. Likewise, Supplemental Provisions will amend and/or add to the Standard Provisions and shall always have precedence over the provisions to which they are a supplement.

The engineer, acting as the owner's representative, shall interpret the intent of the contract documents in a fair and unbiased manner and shall decide any and all questions which may arise to quality and acceptability of materials furnished and work performed.

I. INSTRUCTIONS TO BIDDERS

1. SUBMISSION OF BID

Sealed Bids will be received at the Defiance County Board of Commissioners Office, on or before the advertised Bid date and time, as extended, for all labor, materials, equipment, supervision, coordination and other things necessary for the full and complete performance of the project described by the accompanying Bid advertisement (herein referenced as the "Project").

Bids must be submitted in sealed envelopes marked with the Project title, the name of the Bidder and his address. If forwarded by mail, the sealed envelope containing the bid must be enclosed in another envelope addressed to the Board of County Commissioners 25600 Elliott Rd, Defiance, Ohio 43512. Bids shall be opened immediately upon expiration of the Bid submission time, with the names of bidders and their respective bid prices read publicly.

2. STANDARD SPECIFICATIONS & TERMS

The Construction & Material Specifications of the State of Ohio, Department of Transportation (January 1, 2008), excluding only sections 102 and 103 titled "Bidding" and "Award", shall serve as standard specifications for any contract awarded hereunder. Said Construction & Material Specifications shall be referenced herein as the "Standard Specifications". Supplemental specifications, requirements, terms, conditions and covenants of these Instructions to Bidders and of the accompanying Bid Documents shall control over conflicting terms found in the Standard Specifications.

Wherever the following terms appear in the Standard Specifications, said terms shall have the following meaning:

A. The terms "State", "State of Ohio", "Department" and "Department of Transportation" refer to the County, acting through its Board of Commissioners. The County also may be referenced as the "County" or the "Owner" herein.

B. The term "Director", "DCE" and "DDD" refers to the County Engineer.

C. The term "Engineer" refers to the County Engineer, or to his duly authorized representative.

D. The term "Laboratory" refers to such testing laboratory or consultant as shall be designated by the County Engineer or by the County Engineer's duly authorized representative.

A numerical designation for an "item" referenced herein refers to the description of said item number as provided by the Standard Specifications.

Bidders are specifically referred to the definitions provided by section 101.03 of the Standard Specifications. Any undefined trade and technical words and terms shall be deemed to have the meaning established by trade usage in the highway/bridge construction and civil engineering consultation business.

3. FORM OF BID

Bids shall be submitted using the attached blank forms, designed for such purpose. These forms must be completed intact, without removal of any part, must recite the full name of the party making the Bid, and must be properly signed.

In each blank marked "unit price", bidders are required to provide a Bid price per referenced unit for the requested materials, labor or equipment, or referenced combination thereof. Failure to provide a price for each unit price item, or failure to provide prices for lump sum items, will render the Bid informal, allowing its rejection at the County's discretion.

Extended unit prices are calculated by multiplying the bidder's unit price entries times their respective approximate quantities. The resultant extended unit price figures, in addition to any lump sum prices, are added to calculate the amount of each Bid.

The sum of the unit prices and lump sum prices provided by each Bidder shall comprise that Bidder's Bid price for consideration of award of contract. If an error is made in the extension of unit prices, or in addition of the unit and lump sum prices, the accurate extended unit prices and total shall govern.

Quantities provided by the Bid Documents are estimates only. The Engineer reserves the right to eliminate, increase or decrease the actual quantity of any unit price item or to non-perform any lump sum item.

4. BIDDER QUALIFICATIONS

Prequalification may be granted under any local standards currently used by the County Engineer. In addition, each Bidder shall complete any Bidder qualification forms provided with the Bid Documents and shall furnish documentation and evidence of qualifications as are required thereby. Prequalification by the Ohio Department of Transportation, as described by ORC Sections 5525.02-.09, for performance of Work of the same type, character and magnitude as described hereby, is acceptable.

5. EXAMINATION OF BID DOCUMENTS & SITE OF WORK

Bidders must carefully examine the Bid Documents and perform a reasonable site investigation before submitting a Bid. Submission of a Bid is an affirmative statement that the Bidder has investigated the Project site and is satisfied as to the character, quality, quantities and conditions to be encountered in performing the Work. A reasonable site investigation includes investigating the Project site, borrow sites, hauling roads and all other locations related to the performance of the Work.

6. BID GUARANTEE

Each Bid shall be accompanied by a bid guarantee, in the form of a bid bond, a certified check, a cashier's check or a letter of credit, in conformity with the requirements of ORC 153.54 and 153.571 (B). If a bid bond is used, the bond shall be in the full amount of the bid and signed by a Surety company authorized to do business in Ohio and accompanied by the Surety's sufficient power of attorney affirming said signature. If a certified check, cashiers check or letter of credit is used, the instrument shall be drawn on a solvent bank in an amount not less than ten percent (10%) of the Bid. The bid guarantee shall be given as security that, if the Bid is accepted, the Bidder will enter into a contract in conformity with the Bid. Bids less than twenty-five thousand dollars (\$25,000.00) do not require a bid guarantee.

7. FACTORS FOR ACCEPTANCE OR REJECTION OF BIDS

A. Pursuant to ORC 307.90 (A), a contract shall be awarded to the lowest and best Bid.

B. Any Bid which is incomplete, conditional, obscure, or which contains additions not called for or irregularities of any kind, may be rejected.

C. The Board of Commissioners reserves the right to reject any and all Bids, and also the right to waive any informality in the Bid. The Board of Commissioners has the right to postpone the decision to award a contract for up to sixty (60) days.

D. No contract shall be awarded to any person, firm or corporation that is in arrears or is in default to the County upon any debt or contract, or that is in default as surety or otherwise upon any obligation to the County, or has failed to perform faithfully any previous contract with the County, or that has an unresolved finding of recovery with the State Auditor, or has been debarred by the County from consideration for contract awards.

E. A conditional or qualified Bid will not be accepted.

F. Award will be made to one Bidder per proposal.

8. WITHDRAWAL OF BIDS

A Bidder may request, in writing, to withdraw its Bid within five business days of the opening. Such requests will be reviewed by the Board of Commissioners for approval as permitted by ORC 9.31 and 153.54 (G). If approved, collection of the bid guarantee or bond will be waived.

9. PREVAILING WAGE RATES

All employees on the Work site shall be paid at the prevailing wage rate for the appropriate class of Work. The prevailing wage rates shall be determined in accordance with ORC Chapter 4115, except for employees who are covered by a collective bargaining agreement in existence prior to the date of contract, who shall be paid the

rate of pay provided by such agreements. Schedules of applicable prevailing wage rates are attached to the Specifications. Bidders are cautioned to assure the completeness of said wage schedules, and to notify the County Engineer prior to the bid date of any omitted schedules.

10. OTHER COSTS & REQUIREMENTS

Bids must include all costs of performing the Work and all costs of fulfilling the requirements of laws, rules and regulations pertaining thereto. The following is a partial list of ancillary contract costs and requirements. Said list is provided for the convenience of Bidders, to assist in their inclusion of all components of costs and fulfillment of all requirements, though this list does not recite all such costs and requirements.

- A. Bids must include the cost of all required bonds (performance and maintenance).
- B. Bids must include the cost to procure all permits and licenses, to pay all charges, fees and taxes, and to provide all notices necessary and incidental to the due and lawful prosecution of the Work.
- C. Bids must include the cost of insurance coverage of the type and at least in the amounts set forth by section 107.12 of the Standard Specifications and by any special bid provisions.
- D. The County is exempt from all sales, excise, and transportation taxes, with the exception of State of Ohio gasoline tax. Bid prices shall exclude all such taxes. **Upon request, the County will fill out a tax-exempt certification.**
- E. "Declaration of Personal Property Tax Delinquency" form must be fully executed and notarized pursuant to ORC Section 5719.042, before an award can be made.

II. SUPPLEMENTAL CONTRACT PROVISIONS

1. AWARD REQUIREMENTS OF SUCCESSFUL BIDDER/CONTRACTOR

The following is a partial list of award contract requirements. Said list is provided for the convenience of Bidders, to assist in their inclusion of all components of costs of such requirements, though this list does not recite all such costs and requirements.

A. The successful Bidder/Contractor must provide a one hundred percent (100%) Performance Bond based on the contract amount, in conformity with the requirements of ORC section 153.54 (C) and 153.57 (A). A Maintenance Bond in the amount to ten percent (10%) of the final contract amount, extending coverage for one (1) year beyond the acceptance date of the completed Project, must be provided by the Contractor as a prerequisite to final payment. Said Maintenance Bond shall ensure the repair and/or correction of any defects, deficiencies or omissions in the Project Work.

B. The Contractor must provide evidence of all insurance coverage requirements of section 107.12 of the Standard Specifications.

C. The Contractor agrees to provide the County with full and complete documentation of payment of prevailing wages to all employees of the Contractor and of its subcontractors governed by Prevailing Wage law.

D. The Contractor agrees to provide the County with a contact person, a telephone number, a mailing address and, if available, an electronic mail address for purposes of giving notice to the Contractor of any changes in prevailing wage rates. Where an electronic mail address is given, the Contractor agrees that the use of that method by the County satisfies any notice requirements of any change in prevailing wage rates. Upon commencement of contract work, the Contractor and its subcontractors subject to the contract's prevailing wage requirements must provide the prevailing wage coordinator with a schedule of wages, with certified copies of payroll being required throughout work on the Project.

E. The Contractor further agrees to stay informed of applicable prevailing wage rates and to immediately inform all its subcontractors and the Engineer of such changes. The Contractor agrees to defend and indemnify the County, its elected officials, agents and employees, against all claims, actions, demands, judgments, settlements, damages, liabilities, losses, and costs of any kind, including, but not limited to, reasonable fees of attorneys and experts, arising from or related to the Contractor's failure to inform its subcontractors of changes in prevailing wage rates.

F. The Contractor must furnish the County with a completed IRS Form W-9, "Request for Taxpayer Identification Number & Certification". The Internal Revenue Code requires the County to file an information return each January 31st on all payments made the previous year of \$600.00 or more. As required by Section 3406 of the Internal Revenue Code (26 U.S.C. 3406), the County shall withhold federal taxes of a rate of thirty-one percent (31%) if a correct taxpayer identification number is not provided. Back-up withholding requirements continue until the required information is received.

2. OTHER CONTRACTOR DUTIES

In addition to the duties cited by the Standard Specifications and elsewhere in these Bid Documents, the Contractor has the following duties:

A. When determined necessary by the Engineer, the Contractor shall provide a field office, suitably and of ample size and accommodations, from which the Engineer's inspections, as well as the Contractor's Work, may be carried out. The Contractor must keep a full set of Plans and Specifications available at the field office.

B. The Contractor must furnish, without extra compensation therefore, such assistance as the Engineer, or his assistants or inspectors may require, in measuring in and setting stakes or marks for indicating lines, grades or levels, for measuring or determining quantities for estimates, and for handling and inspecting materials to be used on the Work, whether such materials have been delivered upon the site of Work or are in local storage. The Contractor shall provide such facilities for weighing and measuring materials as the Engineer may deem necessary, to secure the proper fulfillment of the provisions and requirements of the Specifications.

C. The Contractor shall diligently protect and preserve all stakes, marks, benchmarks and monuments set or used by the Engineer and shall be responsible for securing therefore the proper lines, grades and levels for the structures to be built.

D. The Contractor must place or construct, in such manner and at such points as the Engineer may require, necessary sanitary conveniences for the use of employees on the Work site. They shall be properly secluded from public observation, shall be maintained sanitary and inoffensive at all times, and their use shall be strictly enforced. The Contractor must provide an ample supply of pure drinking water for employees at all times, and the source of such supply shall be subject, at all times, to the approval of the Engineer.

E. The Contractor is reminded of its duty to notify the registered underground utility protection service and owners of underground utility facilities at least two working days in advance of commencement of construction operations that may involve such facilities, to allow surface marking of facility locations.

3. DISCRIMINATION PROHIBITED

The Contractor understands and agrees that, in the hiring of employees for the performance of work under the contract or any subordinate contract hereunder, the Contractor, its subcontractors and persons acting on behalf of the same shall not discriminate in the hiring or retention of subordinate contractors or employees "by" or "for" reason of race, creed, sex, disability (as defined by ORC 4112.01) or color; nor shall said parties discriminate against any citizen of the State of Ohio in the employment of labor or workers who otherwise qualify and who are available to perform the work to which the contract relates.

Further, the Contractor and its subcontractors and persons acting on behalf of the same shall not discriminate against or intimidate any employee hired for performance of the

Work under the contract on account of race, creed, sex, disability (as defined by ORC (4112.01) or color.

In addition, the Contractor agrees, as a prerequisite of award, to complete the attached "Equal Employment Opportunity Compliance Certificate", and to fulfill all requirements thereof.

4. INSPECTION

The Engineer, assistants and agents shall have, at all times, immediate access and right to enter upon the Work site and other Work premises occupied by the Contractor as well as upon the site of all sources from which materials are being obtained for the contract. The Contractor shall provide safe and proper facilities for permitting such entrance and for inspecting and testing purposes. Subcontractors and suppliers shall have similar obligations imposed by subordinate contracts. The Contractor shall furnish the Engineer with all reasonable facilities for ascertaining that the materials and Work are in accordance with the requirement and intention of the Specifications and contract, even to the extent of uncovering or removing portions of finished Work.

The Contractor shall give definite information, at any time, as to the place from which, or persons from whom, any material is being or will be procured. All materials to be used may be subjected to such tests as the Engineer may require, assuring that such materials conform, in all respects, to the requirements of the Specifications, or that they are equal to samples submitted by the Contractor. All materials which do not conform to such requirements shall be rejected, and the Contractor shall remove such rejected materials from the vicinity of the Work within twenty-four (24) hours thereafter.

The inspection and supervision of the Work and materials by the Engineer, assistants and inspectors is intended to aid the Contractor in accomplishing the fulfillment of duties and obligations under the contract, but such inspection and supervision shall not relieve the Contractor from contract obligations.

Defective Work shall be made good and unsuitable materials may be rejected, notwithstanding that such Work and materials have been previously overlooked by the Engineer and accepted or estimated for payment. If the Work, or any part thereof, is found, at any time before the acceptance of the whole Work and for the period of the Maintenance Bond thereafter, to be defective, or to contain defective materials, the Contractor shall make good such defects under the direction of the Engineer.

Upon being attached to, or incorporated in the Work, or affixed in or to the soil, all materials shall become property of the County. Thereafter the Contractor shall have no right of property therein, unless they are afterward rejected by the Engineer. The Contractor bears risk of loss of and damage to the Work until completion and final acceptance of the Work.

The Contractor shall schedule inspection 24 hours in advance of the performance of the respective Work. At the pre-construction meeting, the Engineer shall provide the Contractor with phone numbers and names of a contact person and of the Engineer's

inspectors. The Contractor shall inform the Engineer of his Work schedule and the hours of operation before the Contractor may begin Work.

When Work is scheduled and the Contractor desires to change the approved schedule, the Contractor shall contact the Engineer's inspector at or before 7:30 a.m. of the scheduled Work date to cancel or adjust the hours of inspection. If the Contractor fails to contact the Engineer's inspector as stated above or if the notice is within two (2) hours of the scheduled inspection and is insufficient to cancel attendance by the Engineer's inspector, the Contractor will be charged for two (2) hours of inspection time at the current inspection rate. This cost will be subtracted from the Contractor's monthly pay estimate.

Inspection of the work, including density testing, will be performed by the Engineer or their designees

5. CHANGES IN QUANTITY OF WORK

The quantities of Work, as given in the Estimated Quantities, are approximations only. The County Engineer shall have the power to alter by increasing, decreasing or deleting the quantities of Work to be done, either before or after the commencement of construction.

If such changes involve the reduction or omission of any material or Work called for by the original Plans or Specifications, there shall be no right with the Contractor for any claims for losses or damages, for loss of profit, growing out of omission. If any such change involves additional material or labor, upon which the price is fixed in the Contract, that price shall govern. Any such change shall in no way relieve the Contractor of or affect any of the obligations hereunder. In like manner, the County may, without affecting the contract, require the Contractor to furnish materials or to do Work for which no price is given as provided by the Standard Specifications.

If such changes result in increased or diminished expense of Work items, the prices of which are fixed in the contract, the County Engineer shall determine an equitable adjustment of such prices, which shall be final and binding on the parties hereto, subject to dispute resolution.

6. SIGNIFICANT CHANGES IN CHARACTER OF THE WORK.

The Engineer may alter the Work as necessary to complete the Project. The Engineer will make appropriate adjustments according to 108.06 and 109.05, if such alterations significantly change the character of the Work.

If the alterations or changes in quantities significantly change the character of the Work under the Contract, whether such alterations or changes are in themselves significant changes to the character of the Work or by affecting other Work cause such other Work to become significantly different in character, an adjustment, excluding anticipated profit, will be made to the Contract. Before performing significantly changed Work, reach agreement with the Department concerning the basis for the adjustment. If the Contractor disagrees as to whether an alteration constitutes a significant change, use the notification procedures specified in 104.02.G.

The term "significant change" is defined as the follows:

1. when the character of the Work as altered differs materially in kind or nature from that involved or included in the original proposed construction; or
2. when the product of the quantity in excess of the estimated quantity of a contract item and the unit price exceeds the limits set forth in Table 104.02-1. If the increase does not exceed the limits set forth in Table 104.02-1, then the Department will pay for the increased Work at the Contract Price.

Table 104.02-1

Contract Price	Contract Limits
Up to \$500,000	\$25,000
\$500,001 to \$2,000,000	5% of Total Contract Price
Over \$2,000,000	\$100,000

If the decrease in quantity of any unit price Contract Item exceeds 25 percent of the estimated quantity, and the total of all such adjustments for all Contract Items is more than \$400, then after the determination of final quantities according to 109.12.C, the Engineer will adjust the unit prices for the affected Contract item by multiplying the bid unit price by the factor obtained from Table 104.02-2.

Table 104.02-2

% Decrease	Factor	% Decrease	Factor
25 to 28	1.02	61	1.14
29 to 32	1.03	62	1.15
33 to 35	1.04	63	1.16
36 to 38	1.05	64	1.17
39 to 41	1.06	65	1.18
42 to 44	1.07	66	1.19
45 to 47	1.08	67	1.20
48 to 50	1.09	68	1.21
51 to 53	1.10	69	1.22
54 to 56	1.11	70	1.23
57 to 59	1.12	71	1.24
60	1.13	72 and over	1.25

7. NO WAIVER RIGHTS

No act of the Engineer, or his assistants or inspectors, shall operate as waiver of any provisions of the contract, nor shall any breach of this contract operate as a waiver of any other subsequent breach. Any and all remedies provided in this contract are cumulative, in addition to other remedies herein provided. The mention of any specific liability or duty of the Contractor, in any part of the Specifications or contract, shall not be construed as a limitation or restriction upon general liability or duty imposed upon the Contractor by said Specifications and contract. Should any part of the Work be sublet by the Contractor, such action shall in no way release the Contractor from liability or obligation

hereunder. The Contractor shall be liable for the acts, omissions and negligence of any subcontractor, and shall be responsible therefore as though no subcontract existed.

8. DAMAGES FOR LATE COMPLETION; EXTENSIONS OF TIME

Time is of the essence to this contract. The rate of progress shall be such as completing the Project Work within the time limit specified herein. **The completion date for this project are as follows: Proposal A-May 29, 2026. This is based on the assumption that the site and contract documents are ready by April 27, 2026.**

In the event that the Work is not completed within the time limit aforesaid, the Contractor shall reimburse the County an amount equal to the County's costs for and expenses of Project inspections, supervision and similar engineering services provided by or for the County after the expiration of the aforesaid time limit, and until completion and acceptance of the Work.

In addition, in the event that the Work is not substantially completed within the time limit aforesaid, with said incompleteness prohibiting beneficial use and occupancy of the Project, in compensation for the public's loss of use of the Project, the Contractor shall forfeit liquidated damages in the amount set forth by section 108.07 of the Standard Specifications.

Such amounts shall be deducted by the Engineer from the partial or final estimates to be allowed the Contractor.

The Board of County Commissioners may, for good cause shown, extend the time of completion. Any such extension in time shall not be deemed a waiver by the County of any other rights provided for under this contract and shall not operate to release any Surety from any bond obligations.

9. NIGHT, SUNDAY & HOLIDAY WORK

No Work will be permitted on Sundays or legal holidays, except as authorized by the Engineer or the Board of Commissioners. No Work will be permitted after dark except under terms and conditions agreed to in writing by the Engineer, Board of Commissioners and Contractor. No extra compensation will be allowed to the Contractor for night, Sunday or Holiday Work, regardless of cause of such Work.

10. PARTIAL PAYMENTS

Before the day stipulated by the owner, of each month, the contractor shall make a written estimate of the amount of value of the work and materials incorporated into the work during the preceding month, broken down into bid items. The contractor shall submit his estimate to the engineer immediately upon its preparation, and after each such partial estimate has been certified in writing by the engineer the owner shall, on or before the first day of the month next following, pay the contractor as specified below.

No partial payment will be made when the amount is due to the contractor since the last estimate amounts to less than five hundred dollars.

From the total of the amount determined to be payable on a partial payment, 8 percent of the first 50 percent of such total amount will be deducted and retained by the owner until the final payment is made except. The balance of the amount payable, less all previous payments, shall be certified for payment.

Upon completion and acceptance of the project by the owner and engineer, (i.e., the signing of the "Certification of Substantial Completion" by all parties involved), the owner shall release one half (1/2) of the retainer. The remaining one half (1/2) of the retainer shall be retained by the owner for the following periods after the date of approval and acceptance of the project.

<u>Acceptance Date</u>	<u>Period</u>
From Feb. 15 to Aug. 15	90 Calendar Days
From Aug. 16 to Feb. 14	180 Calendar Days

The owner agrees that upon expiration of the above period, the contractor shall be entitled to the whole sum of the reserve, less any part expended by the owner in making repairs.

Should any defective work or material or acceptable work that has been damaged by the Contractor's operations be discovered previous to the final acceptance or should a reasonable doubt arise previous to the final acceptance as to the integrity of any part of the completed work, the estimate and payment for such defective or questioned work shall not be allowed until the effect has been remedied and cause for doubt removed.

It is understood and agreed that the contractor shall not be entitled to demand or receive partial payment based on quantities of work in excess of those provided in the proposal or covered by approved change orders or supplemental agreements, except when such excess quantities have been determined by the engineer to be a part of the final quantity for the item of work in question.

No partial payment shall bind the owner to the acceptance of any materials or work in place as to quality or quantity. All partial payments are subject to correction at the time of final payment.

III. SCOPE OF WORK

1. GENERALLY

The Contractor shall furnish, at its own cost and expense, all management, labor, tools, forms, equipment, appliances, machinery, transportation, materials and other things necessary, of whatever nature, to perform the Work, and shall perform and complete, within the time limit specified, all of the Work indicated or implied by the Notice to Bidders, Instructions to Bidders, General & Supplemental Provisions, Standard Specifications, Scope of Work, Plans & Specifications, and Estimated Quantities prepared for this Project, including the removal of surplus or condemned materials, and the thorough cleaning of the site of the Work and structures built.

In no case will any Work, in excess of such requirements, be paid for unless ordered in writing by the County Engineer as hereinafter specified.

All Work shall be of the best quality throughout. Unless otherwise provided herein, all materials shall be new.

2. SCHEDULE OF PERFORMANCE

At the pre-construction meeting, the Contractor must provide the Engineer with a printed schedule showing the interrelation and planned performance of all major items of Work, with completion reasonably scheduled thereon to occur by the scheduled completion date recited herein. The Engineer shall review and consider acceptance of the schedule as provided by section 108.02 (B) (1) of the Standard Specifications.

IV. PLANS & SPECIFICATIONS

1. GENERALLY

The Plans and Specifications are intended to explain and supplement each other, and to indicate and provide for the construction of the various related parts of the Project in a complete and connected manner. Should any detail be omitted, any discrepancies or errors appear, or misunderstandings arise, in or with respect to such Plans and Specifications, the additions, corrections, or explanations necessary to provide for the construction in accordance with such intent shall be made by the Engineer, and such additions, corrections and explanations shall be final and binding upon the Contractor, subject to dispute resolution.

2. "OR EQUAL"

Whenever an article, material or equipment is defined herein by describing a proprietary product, or by using the name of manufacturer or vendor, the term "or equal", if not inserted, shall be implied. The specific article, material or equipment mentioned, shall be understood as indicating the type, function, minimum standard of design, efficiency and quality desires and shall not be construed in such a manner as to exclude manufacturer's products of comparable quality, design and efficiency. The Contractor shall comply with the requirements of the contract documents, relative to the approval of materials and equipment by the County, before the same are incorporated in the Work.

3. LIST OF PLANS & SPECIFICATIONS

No Sunday work shall be performed, unless prior consent is given by the County Engineer.

CHEMICAL STABILIZATION SPECIFICATIONS

The standard specifications found in the latest version of the State of Ohio Department of Transportation Construction and Material Specifications Manual, including changes and Supplemental Specifications shall govern this project except as herein modified.

ITEM 703 Aggregate #4 This item shall include providing and placing a 9" of #4 Aggregate on a subgrade prepared by others. The Aggregate shall be paid for by the ton.

ITEM SPECIAL - FULL DEPTH, CEMENT STABILIZED BASE COURSE (Double Cut Process)

1. DESCRIPTION

This work shall consist of pulverizing and mixing a combination of any additional aggregate, granular base and sub-grade material to the specified length, width, and depth (Pass #1). Once pulverized, the reclaimed material shall then be used to establish proper width, grade and cross-slope. Once the above criteria are met, water and the specified type and amount of chemical stabilizer shall be added, as per plan, and said materials shall then be mixed together to create a chemical stabilized base course (Pass #2). The material shall then be placed, compacted and moist-cured as shown on the plans and as provided herein to create an "In-Place" Stabilized Base Course (SBC).

2. MATERIALS

(2.1) PULVERIZED BASE MATERIAL.

Pulverized Base Material shall consist of the material existing in the area to be stabilized to a depth as shown in the table. A sub-surface investigation was not performed on any of the roads, but previous investigations were used.

For the sake of calculating quantities, the maximum dry density of this material is as shown in the table.

(2.2) CHEMICAL STABILIZER

Type 1 Portland cement (ASTM C 150-95) has been tested and approved as the stabilizer for this project. The MSDS and typical composition for this material follows these specs. The amount of Portland cement used shall be at the percentage shown in the table of the maximum dry density of the pulverized material based on the depth of stabilization shown in the table resulting in the rate per Square Yard shown in the table.

(2.3) WATER.

Water shall be clean and clear. If the water is of questionable quality, it should be tested in accordance with the requirements of AASHTO T26.

3. MIXTURE

Combine the pulverized materials, Portland cement and water, meeting the requirements specified herein, in such proportions that they conform to the Design accepted by the Engineer. Make field adjustments to the mix proportions under the guidance of the Engineer to obtain a satisfactory Stabilized Base Course (SBC).

4. CONSTRUCTION

(4.1) GENERAL.

The contractor shall provide all necessary labor, equipment, Portland cement, water, and bituminous material (if used for cure) required to pulverize, mix, place, compact, finish, and cure the Stabilized Base Course. All materials, testing, design, certification, and provisions as specified herein shall apply.

(4.2) EQUIPMENT.

The equipment for pulverizing and mixing the existing pavement surfaces shall be a self-propelled road reclaimer/soil stabilizer capable of pulverizing, "In-Place", the existing pavement, base and sub-grade at a minimum width as shown in the table and mixing any added materials to the specified depth as shown in the table. The cutting drum shall have the ability to operate at various speeds (RPM), independent of the machine's forward speed, in order to control chunk size and gradation. The machine shall be capable of pushing a water supply tanker or distributor and shall be equipped with a computerized integral liquid proportioning system capable of regulating and monitoring the water application rate relative to depth of cut, width of cut, and speed. The water pump on the machine shall be connected by a hose to the supply tanker/distributor and shall be mechanically or electronically interlocked with the forward movement/ground speed of the machine. The spray bar shall be mounted in such a manner as to allow the water to be injected directly into the cutting drum/mixing chamber. Only under special circumstances will the Engineer consider allowing the water to be sprayed directly onto the cut/un-cut pavement ahead of or behind the pulverizer/mixer by a distributor or other means. The equipment shall be capable of mixing water, dry additives, and the pulverized pavement into a homogenous mixture. The cutting drum shall be fully maintained and in good condition at all times throughout the job.

(4.3) METHODS.

(A) PULVERIZATION (Pass #1)

Before other operations begin, the roadway grades should be graded and shaped as required to execute stabilization treatment in conformance with lines, grades, thicknesses, and typical cross-sections. **The 9" of #4 stone shall first be pulverized together with the underlying soil to a depth of 16" prior to the application of the additives.**

(B) PORTLAND CEMENT APPLICATION and MIXING (Pass #2)

Upon completion of the initial pulverization of the pavement, base and sub-grade, the Portland cement specified for this job shall be accurately and uniformly spread over the pulverized material by a bulk distributor at the specified application rate. Extreme care should be taken to minimize dust, scattering and material loss by wind.

Manual and gravity (tail gate) spreading of the additives is unacceptable.

In the event that accuracy, uniformity or dust, in the opinion of the engineer becomes a problem, said spreading operation shall be ceased until an agreeable method can be secured.

No Portland cement shall be spread when the soil or sub-grade is frozen or when the air temperature is less than 40 deg F in the shade.

Once the Portland cement is spread, it along with the pulverized base material shall be mixed at a depth as shown in the table, as per plan, to create a homogenous stabilized base course.

The percentage of moisture in the pulverized material, at the time of Portland cement application, shall be the amount that assures a uniform and intimate mixture of pulverized material and Portland cement during mixing operations.

The operations of Portland cement application, water application, mixing, spreading, compacting, and finishing shall be continuous and completed in daylight. The mixing, grading, and final compaction should be completed within a time frame appropriate for the additive applications and required strengths. If mixing operations are interrupted, the surface should be sealed to protect the material.

Any stabilized base course mixture that has not been compacted and finished shall not remain undisturbed for more than 30 minutes.

(C) COMPACTION.

The number, weight and type of rollers shall be sufficient to obtain the required compaction while the SBC is in a workable condition. As a minimum requirement, breakdown compaction shall be performed with a large single drum vibratory pad-foot compactor w/blade. Said roller shall be capable of applying 56,000 lbs. of centrifugal force minimum

Compaction of the mixture should proceed immediately after mixing, in such a manner to provide uniformity and continuous compaction of the treated layer. At the start of compaction, the percentage of moisture in the mixture and in un-pulverized soil lumps shall not be below or more than two percentage points above the specified optimum moisture content and shall be less than that quantity which will cause the stabilized base course mixture to become unstable during compaction and finishing.

The target density of the compacted stabilized mixture is 98% of the Standard Dry density as determined by AASHTO T-99. If during compaction operations depressions, defective areas, or soft spots develop, they should be corrected immediately by additional pulverization/aeration alone, or by the addition and mixing of additional stabilizer. After each section is completed, field density tests will be performed in accordance with AASHTO T-191, AASHTO T-205, or AASHTO T-238. If the compacted mixture fails to meet the specified density requirements, the Engineer may require it to be re-worked as necessary to meet those requirements.

They may require the contractor to change his compaction methods to obtain the required density on the next section(s).

(D) STABILIZED BASE COURSE PLACEMENT/GRADING/FINISHING.

The SBC shall be placed by means of a conventional motor grader with automatic slope control, to the lines and grades established in the plans or proposal. Paving of this type is expected to be in accordance with acceptable base course products with a tolerance of not more than .05' of irregularity.

Throughout the entire operation, the shape of the base course should be maintained.

When initial compaction is nearing completion, the surface of the stabilized base course shall be shaped to the required lines, grades, and cross section. The moisture content of the surface material shall be maintained at not less than its specified optimum moisture content during finishing operations.

Compaction and finishing shall be done in such a manner as to produce a smooth, dense surface free of compaction planes, cracks, ridges, or loose material.

(E) CURING

After the roadway has been finished as specified, it should be protected against drying for 3 calendar days. The surface should be maintained to a moist condition by sprinkling with water for the above-mentioned time period. Heavy traffic or equipment other than curing equipment will not be allowed on the finished roadway until completion of curing, unless permitted by the Engineer.

Other methods of curing, such as a bituminous sealant, is approved by the Engineer. However, cover aggregate shall be used to provide residents of the road a tack free surface to drive on. Any additional costs incurred by the contractor to perform the cure in this manner shall be included in said contractor's unit price.

(4.3) WEATHER LIMITATIONS.

No work shall be performed before April 15th or after October 15th. The weather and temperature limitations for this work shall be 50 deg. F and rising with no standing water on the existing surface. No work shall be performed if there is a forecast of an atmospheric temperature below 32 deg. F within 24 hours from the time the SBC is completed. All work shall be completed and open to local traffic during daylight hours.

5. MAINTENANCE OF TRAFFIC

Traffic maintenance shall be performed per local specifications, protecting the uncompacted material from traffic. Enough flag people/signs for incoming roads shall be used until product is compacted properly.

6. METHOD OF PAYMENT

Payment for accepted quantities, complete in-place, shall be made at the contract price for:

<u>ITEM</u>	<u>UNIT</u>	<u>DESCRIPTION</u>
Special	Square Yard	Full Depth, Chemical Stabilized
Special	Ton	Base Course

V. PREVAILING WATE RATE SCHEDULES

PN060-PROJECTS WITH NO FEDERAL AID

The following is in addition to Section 108.10

This contract is subject to Ohio Prevailing Wage Laws, Chapter 4115 of the Ohio Revised Code and the Contractor and all subcontractors shall comply with all provisions contained therein or as otherwise provided by this note. The Contractor guarantees that the prevailing wage scale to be paid to all laborers and mechanics employed on this contract shall be in accordance with the schedule of the prevailing hourly wage and fringe benefits as determined by the Ohio Department of Commerce for the county in which the work is being performed. The failure to pay prevailing wages to all laborers and mechanics employed on this project shall be considered a breach of contract. Such a failure may result in the revocation of the contractor's and/or subcontractor's certificate of qualification and debarment. A schedule of the most current prevailing wage rates may be accessed by registering with the Ohio Department of Commerce, Labor and Worker Safety Division, Wage and Hour Bureau at the following web address:

<http://198.234.41.198/w3/webwh.nsf?Opendatabase>

The Contractor and all subcontractors shall compensate the employees on this contract at a pay rate not less than the hourly wage and fringe rate listed on the website noted above, for the applicable job classification or as modified by the Ohio Department of Commerce, Division of Labor and Worker Safety Wage and Hour Bureau, when new prevailing rates are established.

Overtime shall be paid at one and one-half times the basic hourly rate for any hours worked beyond forty (40) hours during a pay week. The Contractor and all subcontractors shall pay all compensation by company check to the worker and fringe benefit program.

The wage and fringe rates determined for this project or as may be later modified, shall be posted by the Contractor in a prominent and accessible place on the project, field office, or equipment yard where they can be easily read by the workers or otherwise made available to the workers. On the first pay date of contract work the Contractor and all subcontractors shall furnish each employee covered by prevailing wage a completed form whpw1512 in accordance with section 4115.05 Ohio Revised Code, showing the classification, hourly pay rate, fringes, and identifying the District Prevailing Wage Coordinator (DPWC), if such employees are not covered by a collective bargaining agreement or understanding between employers and bona fide organizations of labor. These forms shall be signed by the Contractor or subcontractor and the employee and kept in the Contractor's or subcontractor's payroll files.

The Contractor and all subcontractors shall submit to the DPWC or other designated Department representative, certified payrolls on form whpw1509 or equivalent, in

accordance with sections 4115.07 and 4115.071(C) of the Ohio Revised Code, three weeks after the start of work and every subsequent week until the completion of the contract. Additionally, a copy of the "Apprentice Certification" obtained from the USDOL, Bureau of Apprenticeship and Training, must accompany, the first certified payroll submitted, for all apprentices working on this project. Upon completion of the contract and before the final payment, the Contractor shall submit to the DPWC a final wage affidavit in accordance with section 4115.07 of the Ohio Revised Code stating that wages have been paid in conformance with the minimum rates set forth in the contract. Please be aware that it is ultimately the responsibility of the Prime Contractor to ensure that all laws relating to prevailing wages in Chapter 4115 of the Ohio Revised Code are strictly adhered to by all subcontractors.

The Contractor and all subcontractors shall make all its payroll records available for inspection, copying or transcription by any authorized representative of the contracting agency. Additionally, the Contractor and all subcontractors shall permit such representatives to interview any employees during working hours while the employee is on the job.

If the Contractor or any subcontractor fails to comply with any of the provisions contained in this proposal note, the Department may terminate the contract, debar the Contractor or subcontractor and/or withhold or suspend pay estimates after written notice and a reasonable opportunity to comply has been provided.

VI. PROPOSAL FORMS

BIDDER QUALIFICATIONS

Bidders must be pre-qualified as required by item I. (4) of the Instructions to Bidders.

In addition, each Bidder shall provide the Bidder Qualification information required by the following form. In lieu of completing the attached tables, a Bidder may attach hereto a listing of the required information, with the word "attached" printed in affected table.

Do you intend to sublet any portions of the work? _____ If so, please complete the following:

NAME OF SUBCONTRACTOR	AMOUNT OF SUBCONTRACT	ITEMS OF WORK

List below any equipment you own, which is available for the proposed work.

Quantity	Item	Description, Size, Capacity, Etc.	Condition	Years of Service	Present Location

List equipment which you intend to purchase or rent for use on the proposed Work.

Quantity	Item	Description, Size, Capacity, Etc.	Purchase or Rent	Approx. Cost

List all incomplete Contracts and Subcontracts on hand:

Date	Owner and Location	Value of Contract	Type of Work	Required Date of Completion

(Use back of sheet if necessary.)

List projects of this type of work you have completed in this County in the past three years.

Owner and Location	Amount of Contract	Type of Work Done	Date

List the largest performance bonds you have obtained in the past three years.

Date	Owner and Location	Amount of Bond	Type of Work Done	Required Date of Completion

Are there any outstanding liens against you or your projects? _____

If the answer is yes to any of the above, please furnish details. (If there is insufficient space on this page, attach additional sheets.)

AFFIRMATION OF BIDDER QUALIFICATIONS FORM

I, the undersigned, hereby affirm that I am an officer or sole proprietor of the Bidder identified below, that I am duly authorized by said Bidder to execute this document, and that the answers given on the Bidder Qualifications forms are complete and true.

**EQUAL EMPLOYMENT OPPORTUNITY REQUIREMENTS
FOR SERVICE AND SUPPLY CONTRACTS**

EQUAL OPPORTUNITY COMPLIANCE CERTIFICATE

As used in the Certificate, the terms "contract" and "subcontract" includes the term "Purchase Order" and all other agreements effectuating purchase of supplies or services.

This Certificate shall be renewed annually. Notwithstanding the foregoing, the certifications made herein shall remain applicable until completion of all non-exempt contracts/subcontracts awarded while this Certificate is in effect. The undersigned Bidder certifies the following to the County:

A. **REPORTS:** Within thirty (30) days after the County's award to the Bidder of any contract, and prior to each March 31 thereafter, during the performance of work under said contract, the Bidder shall file Standard Form 100, entitled "Equal Employment Opportunity Employer Identification Report EEO-1" in accordance with instructions contained therein, unless the Bidder has either filed such report with the County within twelve (12) months preceding the date of the award or is not otherwise required by law or regulations to file such a report.

B. **PRIOR REPORTS:** The Bidder, if it has participated in a previous contract or subcontract subject to the Equal Employment Opportunity Clause 41 C.F.R. Sec. 60-1.4 (a) (1) through (7), or the clause originally contained in Section 301 or Executive Order No. 10925, or the clause contained in Section 201 of the Executive Order No. 11114, has filed all required compliance reports. The Bidder shall obtain similar representations indicating submission of all required compliance reports, signed by proposed subcontractors, prior to awarding subcontracts not otherwise exempt from the Equal Employment Opportunity clause.

C. **CERTIFICATION OF NON-SEGREGATED FACILITIES:** The Bidder certifies that it does not maintain or provide for its employees any segregated facilities at any of its establishments, and that it does not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. The Bidder certifies further that it will not maintain or provide for its employees any segregated facilities at any of its establishments and that it will not permit its employees to perform their services at any location, under its control, where segregated facilities are maintained. The Bidder agrees that a breach of this certification is a violation of the Equal Employment Opportunity Clause in this Certificate. As used in the certification, the term "segregated facilities" means any waiting rooms, rest rooms, and wash rooms, restaurants and other eating areas, time clocks, locker rooms and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing facilities provided for employees which are segregated by explicit directive or are in fact segregated on the basis of race, color, religion or natural origin, because of habit, local customs or otherwise. The Bidder further agrees that (except where it has obtained certifications from proposed subcontractors for specific time periods) it will obtain identical certifications from proposed subcontractors prior to award of any subcontracts exceeding \$10,000.00 which are not exempt from the provisions of the Equal Employment Opportunity Clause; that it will retain such certifications in its files;

and that it will forward the following notice to such proposed subcontractors (except where the proposed subcontractors have submitted identical certifications for specific time periods):

Notice to Prospective Subcontractors of Requirement for Certification of Non-segregated Facilities: A Certification of Non-segregated Facilities, as required by Section 60-1.8 of Title 41 of the Code of Federal Regulations, must be submitted prior to the award of a subcontract exceeding \$10,000.00 which is not otherwise exempt from the provisions of the Equal Employment Opportunity Clause.

NOTE: The penalty for making false statements in offers is prescribed in 18 U.S.C. 1001.

D. AFFIRMATIVE ACTION COMPLIANCE PROGRAM: Prior to 120 days after receipt of any contract in the amount of \$50,000.00 or more from the County, Bidder, if it has fifty (50) or more employees and is not otherwise exempt under 41 C.F.R., Part 60-1, shall have developed for each of his establishments a written affirmative action compliance program as called for in 41 C.F.R., Sec. 60-1.40. Bidder will also require its lower-tier subcontractors who have fifty (50) or more employees and receive a subcontract of \$50,000.00 or more and who are not otherwise exempt under C.F.R., Part 60-1 to establish written affirmative action compliance programs in accordance with 41 C.F.R., Section 60-1.40.

E. Bidders are responsible for EEO compliance as provided in Executive Order 11246 and implementing regulations Title 41, Chapter 60-4.2, 60-4.3 (Equal Employment Opportunity Clause & Notification of Standard Specifications), 60-250, and 60-741, when applicable.

F. Bidder certifies that it is not currently in receipt of any outstanding letters of deficiencies, show cause, probable cause or other such notifications or noncompliance with EEO regulations.

HOLD HARMLESS CLAUSE

Defiance County, Ohio

INDEMNITY: To the maximum extent allowed by Ohio law, the Contractor shall defend, indemnify, and hold harmless the County and the Owner (i.e.: county, township, and/or municipality), if applicable, (hereinafter: the indemnified parties), and all of their elected and appointed officials, together with all their employees and agents from any and all claims, demands, causes of action, judgments, liens, penalties, costs, and expenses (including attorney fees and expenses) of any kind, including claims for bodily injury, illness, death, property damage, or loss of use, which may at any time be imposed upon, incurred by, or asserted against the indemnified parties as a result of any action of the Contractor, its officers, employees, invitees, or agents arising out of or in consequence of this Agreement, including, but not limited to: 1.) The performance or non-performance of the work or any obligation under this Agreement; 2.) The common law or any legislation, regulation or order including environmental laws, rules, and orders; or 3.) Negligence including any passive negligence of the indemnified parties. This indemnification shall survive any termination of this Agreement and is not limited by the Contractor's insurance coverage. To effectuate and facilitate the indemnification of the indemnified parties, Contractor does hereby waive any and all employer immunity provided by the workmen's compensation law under Section 35, Article II, of the Ohio Constitution. At the option of the indemnified parties, Contractor shall provide the indemnified parties with legal counsel and shall further bear all costs and expenses including attorney fees in the defense of any suit arising hereunder. Additionally, Contractor shall repair or pay for the repair of any damage to the indemnified parties' property caused by the Contractor or its officers, employees, invitees, or agents.

INSURANCE: Contractor at its sole cost and expense shall furnish and keep in full force and effect during the time this Contract is in effect sufficient insurance to protect the indemnified parties from any claim arising from the Contractor's conduct as a result of this Agreement, including: workers' compensation coverage in compliance with State law; comprehensive general and motor vehicle liability insurance (including coverage for owned, non-owned or hired vehicles) with broad form property damage coverage with limits of at least \$1,000,000.00 for bodily injury or death per occurrence and \$1,000,000.00 aggregate, \$1,000,000.00 property damage per occurrence and \$1,000,000.00 aggregate (or a reasonable equivalent expressly accepted by the indemnified parties), plus loss insurance for the equipment used. If the above insurance sums are blank, Contractor shall provide insurance as specified. Such liability insurance policies shall insure the contractual liability assumed hereunder, shall name the indemnified parties as additional insured parties for all work under this Contract, and shall provide that such insurance is primary to any other of indemnified parties' liability insurance. Prior to commencing any work, Contractor shall furnish the indemnified parties with proof of such insurance with companies acceptable to the indemnified parties.

OHIO WORKERS' COMPENSATION COVERAGE

The Contractor must secure and maintain valid Ohio workers' compensation coverage until the County, as set forth in Section 109.12(E) of the Construction and Material Specifications Manual, has finally accepted the Project. A certificate of coverage evidencing valid workers' compensation coverage must be submitted to the County before the Contract will be executed.

The Contractor must immediately notify the County, in writing, if it or any subcontractor fails or refuses to renew their workers' compensation coverage. Furthermore, the Contractor must notify the County, in writing, if its or any of its subcontractor's workers' compensation policies are cancelled, terminated, or lapse.

The failure to maintain valid workers' compensation coverage shall be considered a breach of contract, which may result in the Contractor being removed from the Project, withholding of pay estimates and/or termination of the Contract.

NON-COLLUSION AFFIDAVIT

BID GUARANTY AND CONTRACT BOND
(Section 153.571 Ohio Revised Code)

KNOW ALL MEN BY THESE PRESENTS, that we, the undersigned _____
_____, (Name & Address)
as Principal, and _____ (Name)
as Sureties, are hereby held and firmly bound unto the BOARD OF DEFIANCE COUNTY
COMMISSIONERS, hereinafter called the Oblige, in the penal sum of the dollar amount of
the bid submitted by the principal to the owner on **April 20, 2026** to undertake the
project known as 2026 Cement Stabilization.

The penal sum referred to herein shall be the dollar amount of the principal's bid to the
Oblige, incorporating any additive or deductive alternate proposals made by the
principal on the date referred to above to the Oblige, which are accepted by the Oblige.
In no case shall the penal sum exceed the amount to: _____
dollars (\$ _____). (If the foregoing blank is not filled in, the
penal sum will be the full amount of the principal's bid, including alternates. Alternatively,
if the blank is filled in, the amount stated must not be less than the full amount of the bid
including alternates, in dollars and cents. A percentage is not acceptable.) For the
payment of the penal sum will and truly be made, we hereby jointly and severally bind
heirs, our executors, administrators, successors, assigns and ourselves.

THIS CONDITION OF THE ABOVE OBLIGATION IS SUCH that whereas the above-named
principal has submitted a bid to the above referred to project.

Now, therefore, if the Oblige accepts the bid of the principal and the principal fails to
enter into a proper contract in accordance with the bid, plans, detailed specifications and
bills of material; and in the event the principal pays to the Oblige the difference not to
exceed ten percent (10%) of the penalty hereof between the amount specified in the bid
and such larger amount for which the Oblige may in good faith contract with the next
lowest bidder to perform the work covered by the bid; or in the event the Oblige does
not award the contract to the next lowest bidder and resubmits the project for bidding,
the principal pays to the Oblige the difference not to exceed ten percent (10%) of the
penalty hereof between the amount specified in the bid, or the costs in connecting with the
resubmission, of printing new contract documents, required advertising, and printing and
mailing notices to prospective bidders, whichever is less, then this obligation shall be null
and void, otherwise to remain in full force and effect; if the Oblige accepts the bid of the
principal and the principal within ten days after the awarding of the contract enters into a
proper contract in accordance with the bid, plans, details, specifications and bills of
material, which said contract is made a part of this bond the same as though set forth
herein.

Now also, if the said principal shall well and faithfully do and perform the things agreed
to be done and performed according to the terms of said contract; and shall pay all
lawful claims of subcontractors, material men, and laborers, for labor performed and
material furnished in the carrying forward, performing or completing of said contract; we
agreeing and assenting that this undertaking shall be for the benefit of any material man
or laborer having a just claim, as well as for the Oblige herein; then this obligation shall
be void; expressly understood and agreed that the liability of the surety for any and all

claims hereunder shall in no event exceed the penal amount of this obligation as herein stated.

The above Surety hereby certifies that it is authorized by the superintendent of insurance, State of Ohio, to execute the above bond and that the liability incurred is within the limits prescribed by Section 3929.121 of the Ohio Revised Code.

The said surety hereby stipulates and agrees that no modifications, omissions or additions in or to the terms of the said contract or in or to the plans or specifications therefore shall in any way affect the obligation of said surety on its bond and does hereby waive notice of any such modifications, omissions or additions to the terms of the contract or in or to the plans and specifications.

PROPOSAL

Defiance, Ohio, _____, 20____

To the Board of County Commissioners:

The undersigned Bidder certifies the pre-bid examination, in its entirety, of all Bid Documents contained in or referenced by this Proposal, including the Notice to Bidders, Instructions to Bidders, General & Supplemental Provisions, Standard Specifications, Scope of Work, Plans & Specifications, and Planned Bid Items & Quantities, which shall govern this improvement and are made a part of this Proposal and the ensuing contract.

DESCRIPTION OF THE IMPROVEMENT

2026 Cement Stabilization

The undersigned Bidder proposes to furnish any and all material, tools, labor, transportation, machinery, appliances, and appurtenances necessary, and to prosecute to full completion, the Work called for hereunder, and in consideration thereof, to accept from the County, as full payment for completion of each item as specified, the respective unit or lump sum price hereafter set forth.

The undersigned Bidder agrees that, if this Proposal is accepted, said Bidder will, within ten (10) days after notification of such acceptance, enter into the contract for the performance of the Work proposed and, as a guarantee of the faithful performance thereof, to furnish at the time of executing the contract, a bond in the amount equal to 100% of the total Bid price, with a Surety subject to the approval of the County.

Bidder hereby agrees to commence work under this contract on or before a date to be specified in the Notice to Proceed and to fully complete the Project by: **Proposal A-May 29, 2026**. Bidder further agrees to pay as liquidated damages, per ODOT Item 108.07, ODOT specifications latest editions and as provided in Section II. (7) of these documents.

The Bidder hereby agrees that the Board of County Commissioners has the right to reject any and all bids, and the Bidder will not dispute the correctness of the quantities used to determine the lowest and best bid.

Accompanying this Bid is a bid guarantee or bond payable to the County. Upon any failure to execute the Contract or provide an adequate performance bond as aforesaid, it is agreed that the undersigned Bidder shall forfeit the bid guarantee or bond accompanying the proposal to the County, to the extent allowed by law.

Bidder acknowledges receipt of the following addendum:

VII. ARTICLES OF AGREEMENT

This Agreement is made and entered into by the County, acting by and through its Board of County Commissioners, and the Contractor identified below, hereinafter called the Contractor.

WITNESSETH:

The Contractor, for and in consideration of certain payments to be made as specified herein, hereby covenants and agrees to perform and execute all provisions of its Proposal for construction of the subject public improvement, including fulfillment of the requirements of the Notice to Bidders, Instructions to Bidders, General & Supplemental Provisions, Standard Specifications, Scope of Work, Plans & Specifications, and Planned Bid Items & Quantities, and to be governed by the provisions contained therein, setting forth duties, relations and obligations of the Engineer, Contractor and the Surety, which are hereto attached and made a part hereof, and agrees to fully and completely perform the Work described hereby in a manner to achieve completion thereof by or before the completion dates of **May 29, 2026**.

In consideration of the performance by the Contractor of the covenants and agreements as herein set forth, the County hereby covenants and agrees to pay the Contractor according to the schedule of rates and prices set forth in the attached Proposal of said Contractor, and at the time and in the manner hereinafter set forth herein.

IN WITNESS WHEREOF, the parties to this Agreement have hereunto set their hands effective this _____ day of _____, 20_____.

Napoleon, OH 43545

SUBJECT: Certificate of Compliance
Effective Dates: 7/12/2012 through 01/08/2013

After careful review of the affirmative action documentation you provided to this office, and pursuant to the requirements set forth in Section 9.47 of the Ohio Revised Code, the Equal Opportunity Division of the Ohio Department of Administrative Services has determined that there are no apparent violations of any affirmative action program with which the Gerken Paving Inc. is required to comply. This letter shall serve as the State's official certification to this effect.

As the Certificate of Compliance Program indicates, the State of Ohio values diversity among its business partners and their employees, and hopes to see them grow and prosper. Consequently, we are delighted to be able to assist your company with this approval of your affirmative action program efforts. If you need any assistance or have questions about the Certificate of Compliance Program, its objectives or its operation, please contact the Equal Opportunity Division's Construction Compliance Unit at 614.466.8380.

(THIS FORM IS FOR 520115-1400115)

STEP 3: Acknowledgment

The public employer identified in Step 2 has identified you as an independent contractor or another classification other than a public employee. Ohio law requires that you acknowledge in writing that you have been informed that the public employer identified in Step 2 has classified you as an independent contractor or another classification other than a public employee for the services described in Step 2 and that you have been advised that contributions to OPERS will not be made on your behalf for these services.

If you disagree with the public employer's classification, you may contact OPERS to request a determination as to whether you are a public employee eligible for OPERS contributions for these services. Ohio law provides that a request for a determination must be made within five years after you begin providing personal services to the public employer, unless you are able to demonstrate through medical records to the Board's satisfaction that at the time the five-year period ended, you were physically or mentally incapacitated and unable to request a determination.

By signing this form, you are acknowledging that the public employer for whom you are providing personal services has informed you that you have been classified as an independent contractor or another classification other than a public employee and that no contributions will be remitted to OPERS for the personal services you provide to the public employer. If entering into a contract to provide services as an independent contractor to the same employer from which you retired, or to any employer if less than two months after the retirement allowance commences, the pension portion of your benefit will be forfeited during the period of the contract. The annuity portion of your benefit will be suspended and will be paid in a lump sum upon termination of the contract.

This acknowledgement will remain valid as long as you continue to provide the same services to the same employer with no break in service regardless of whether the initial contract period is extended by any additional agreement of the parties. You also acknowledge that you understand you have the right to request a determination of your eligibility for OPERS membership if you disagree with the public employer's classification.

This form must be retained by the public employer and a copy sent to OPERS. The public employer's failure to retain this acknowledgment may extend your right to request a determination beyond the five years referenced above.
